## TEXTURED COATINGS

### ENDUIT RUSTIQUE

Decorative coating made from minerals and vegetable fibres. Transforms modern flat interior walls into cozy old country finishes. Provides an infinite range of decorative effects.

### EFFET DE CHAUX FERRÉE

Reminiscence of the stuccowork of the Italian Renaissance, it creates interior decorations of luxury, affordable by everyone.

### CHAUX BROSÉE

Renewing with the old lime whitewash, its matt and flocked finish your rustic or contemporary interiors.

### REFLET SABLÉ GLITTER

Sophisticated mix of natural river sand and Glitter offering a fine granitic decor and glittering like diamond. Very resistant and reflects the beauty of your interior.

### VERSAILLES DÉCOR

An original and luxurious interior decorative wall covering with pearly aspect. Easy to apply. Changes and enhances your interiors.

### METAL EFFET

A metallic coating to be applied in 2-coats on a granite undercoat. It is a living product as its aspect changes according to the angle of the light reflection.

### LES PAILLETES

Decorative and resistant wall covering system obtained by spraying flakes on a slow-drying base. Once dried, the flakes are covered by a transparent acrylic varnish.

### PICTURAL

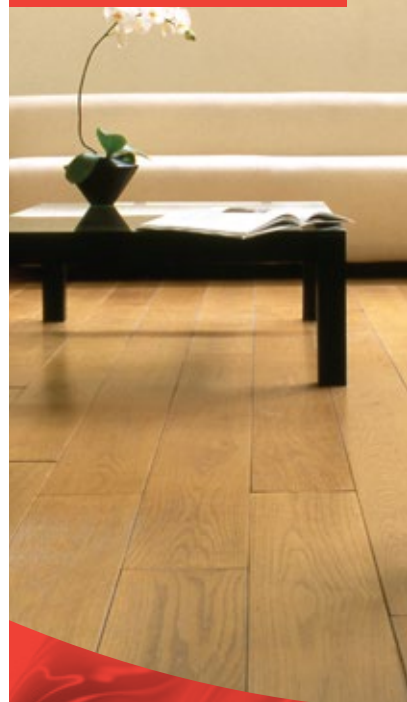

Interior decorative paint delicately pearly. Very hard-wearing, easy to maintain and washable. Odourless and solvent free.

### ABSTRAIT

Matt interior decorative paint with fine delicately pearly particle. Very hard-wearing, easy to maintain, washable. Odourless and solvent free.

# WOOD
